**Conclusion:** Should the subject territory not be annexed into the district, the landowners would have to use less efficient alternative means to collect, treat, and dispose of the wastewater anticipated to be generated by the subject territory.

**Recommended Action:**

1. Open the public hearing and receive testimony on the matter.
2. There being no further testimony, close the public hearing.

**Agenda Item No. 5**

**GOVERNMENT CODE § 56857 NOTICES**

**(For Informational Purposes Only, Receive and File)**

Upon receipt of any proposed change of organization or reorganization that includes the annexation of territory to any district, if the proposal is not filed by the district to which annexation of territory is proposed, Government Code section 56857 requires LAFCO to place the proposal on its agenda for informational purposes only. Within 60 days of the meeting date, the annexing district may adopt and submit to LAFCO a resolution requesting termination of the annexation proceedings. The law requires that the annexing district "present written findings supported by substantial evidence in the record that the termination request is justified by a financial or service related concern." Prior to the Commission's determination of termination of proceedings the resolution is subject to judicial review.

Waiver of 60-Day Termination Period

Under section 56857, LAFCO may not hear and consider the proposed annexation until the 60-day termination period has expired. The Code provides, however, that the Commission may waive the 60-day termination period if the annexing district adopts and submits to LAFCO a resolution supporting the change of organization or reorganization.

The following is a summary of the annexation proposals filed with LAFCO:
